# **1 INTRODUCTION**

---

The Examination has a great importance in any system of Education. It is one of the duties of the University to Conduct Examinations, Entrance Tests for admission to various programmes and to confer the Degrees & Diplomas, besides awarding other academic distinctions to the persons who fulfill the requisite qualifications/conditions. The Examination Section is therefore the backbone of the University. The credibility of the University in the society mainly depends on the Examination System, Examinations Results, and Reliability of the Examinations system, hence the Examination Section plays a very significant role in the Administration. It shall, therefore be the responsibility of all persons connected with the Examination Section to carry out all the Examination work smoothly and in transparent manner.

For smooth working of Examination system, there should be certain broadly outlined guidelines. Keeping in view of the above aim, set of guidelines have been prepared and are made available herewith. The entire work of examination is being governed by the Rules & Regulations of the Council of Architecture and different provisions of the Bye-Laws of the University.
