

Academic Year 2018-19

Investment planning Workshop

A professional development programme on Investment planning was held on 2nd February 2019.

20 faculties and 15 non teaching staff had attended this workshop.

Program Contents:

1. A common man's concern
2. Financial Planning Process
3. Why Financial Planning?
4. Best Practices

Objectives of workshop

- The objective of this program is to teach faculty and non teaching staff to “How to be smart with your money”
- Also to ensure that participants gain a basic understanding about Financial Planning and its various components viz Insurance Planning, Investment Planning, Tax Planning & Retirement Planning.

Investment Planning is an important tool for every individual to accomplish the financial goals. The process of investing allows one to grow, rather than maintain the savings for greater financial rewards in the future. Investment planning requires the assessment of many different investment options to choose the right vehicles for assets, such as stocks, bonds, and mutual funds.

Dr. Vani Kamath, Dean of Faculty at D Y Patil University School of Management in association with Securities and Exchange Board of India conducted a workshop for the staff of the School on 2nd February 2019. The workshop concentrated primarily on the process of financial planning, defining smart goals, importance of budgeting, net worth calculation, meaning and importance of risk and return, power of compounding, inflation, importance of investments in

mutual funds, equities and investment commandments. More than forty people from teaching and non teaching staff attended the workshop.

Dr.Prajakta Mondkar Assistant Professor said, “The workshop was very beneficial as all the investment avenues were clearly explained in a simple and lucid way.”

Ms.Snehal Dumbre Assistant Professor said, “The workshop was an eye opener for her as it emphasized on wealth creation by investing at an early age to reap the benefits of compounding.”

Mr.Vijay Patil from the non teaching staff said, “The workshop highlighted on many areas of finance which were not known to many being very useful for planning and diversifying income in various options.”

Outcomes:

Faculty and non teaching staff had an exposure to make smart investment planning.

Research Methodology Workshop

A professional development programme on RESEARCH METHODOLOGY WORKSHOP WITH DATA ANALYSIS USING SPSS' was held on 20th July to 21st July 2018.

11 Faculties had attended the workshop.

Program Contents:

1. Introduction to research methodology
2. Study Designs-1: Overview of study designs & Descriptive studies
3. Study Designs-2:Case Control Studies
4. Study Designs-3:Experimental studies
5. Types of variables, Scale of measurement, Data editing & data grouping
6. Sampling Methods, Sample size determination
7. Descriptive statistics : (Rate, ratio, Proportion, Measures of central tendency, measures of variation, Confidence limits of sample statistic)
8. Inferential statistics
9. Writing of thesis/Research Paper
10. Critical Evaluation of journal article

Objectives of Program:

1. To enable the participants, define research problem, developing an approach to research problem and selection of suitable research design.
2. To impart capabilities for formulation and testing of hypothesis based on the nature of research
3. To comprehend appropriateness of statistical software packages for analyzing research data. To enable the participants to understand report writing and writing research proposals. To make aware the participants about latest trends in discipline specific research.

This workshop covered every aspect of Research Methodology for writing research paper as well as for the PhD / MPhil students and all those who are interested in making research as their career.

Over 11 Faculties attended this workshop.

The primary goal of this FDP was to bring together faculties to learn and understand the various paradigms of Research. The participants received in-depth insight, as well as, actionable and practical tools, methods and ideas to conduct Research.

This workshop was conducted by senior and experienced resource faculties from eminent colleges like Prof.Dr. R. Gopal, Director D Y Patil University's School of Management (DYPUSM), Ms. Jyoti Pawar from D Y Patil University's School of Management (DYPUSM) and Dr.Kamini Khanna from Guru Nanak Institute of Management Studies (GNIMS). This FDP created remarkable success by the participant's excellent remarks and appeal to invite them for future FDPs/ Events.

Dr. Vani Kamath, Dean of Faculty at DYPUSM said this workshop was very useful as the participants got an hands on experience in SPSS which can be used in data analysis of the various research papers. The session on Research Methodology was very methodical and persuasive and gave a detailed process for selecting the topic and the title for the PhD program. Such workshop she said are very much needed as they play a significant role in the researcher's career.

OUTCOMES

Well orientation in aspect of practical skills like writing dissertation and statistical analysis by the participant.

Academic Year 2019-20

Workshop on Advanced Excel Report

A Workshop on "Advanced Excel" for faculties was held on 20-09-2019.

14 faculties had attended this Guest Lecture.

Program Contents:

- Session on how to implement conditional formatting, take advantage of icon sets and improved data labels and a dozen other formatting tips and techniques for making data stand out
- Session on how to add control items to worksheets, including combo boxes, list boxes, option buttons and many other.
- Session on how to quickly create custom AutoFilters to view data the way we want to and how to take advantage of the search filter
- Session on simple techniques to connect to a variety of data sources, such as SQL Server®, Windows Azure™ Marketplace and others and import data into Excel

Objectives of Guest Lecture:

- Orienting students and faculties about Advanced Excel

The Workshop was delivered by Mr.Suresh Varma, Lead Trainer IMS Pro. He comes with a rich experience in IT field and worked with various industry giants.

Mr.Suresh Varma conveyed his valuable insights regarding

- How to quickly create a basic chart with a single keystroke
- how to quickly create custom AutoFilters to view data the way we want to and how to take advantage of the search filter
- How to get continuously updated data from a Web site into a worksheet

- Use pictures to create exciting charts that are even more descriptive than typical line and bar charts
- How to insert a Sparkline into a cell to instantly reveal patterns in data
- How to use loops to repeat commands multiple times
- The changes to the Chart ribbon and how to create a combo chart

The session ended with a doubt clearing session. The entire session was very interactive and interesting. It was a golden opportunity for the Faculties and all students to know about the various functions of Advanced Excel.

Outcomes:

Faculty and students had an exposure to have knowledge about How to format large blocks of cells quickly and efficiently with the power of Format Painter and Simple techniques to connect to a variety of data sources, such as SQL Server®, Windows Azure™ Marketplace and others and import data into Excel
