CAREER ADVANCEMENT
ACTIVITIES

Introduction :

D. Y. Patil deemed to be university started a unique activity in the name of Career Advancement activities (CAA) to address the students coming to the Universities tete-a-tete equity of access and career opportunities through availability of appropriate institutional support information. Lingual differences, different discipline and cultural gaps among students also need suitable guidance and support in this age of globalization and competitive world. Availability of relevant and accessible information coupled with professional guidance to utilize the same can result into better career achievements outside the classrooms and help the students to progress in their occupational path.

Curricular inputs are dominant. Relevant information on courses and combinations are available on the finger tip and counseling is base of our support service. The conventional information system comprises a copy of brochure that contains a listing of courses and combinations, entry rules, fee structure, examination schedule etc. in a routine repetitive manner year after year. But now with the change in scenario not only the academic content and its rules have become oriented towards the market needs but also address social disparities and education wise career opportunities. This is now to be supported with active guidance and information technology that is fast replacing the print media with a system that can quickly retrieve information details which is beneficial to all concerned.

We have enhanced this support to spread available opportunities for the students and prepare them for future challenges. For implementation of the same, Career Advancement activities at D.Y.Patil deemed to be University was formed. All students are presented with a wide variety of opportunities to select a minimum of two career counseling and competitive guidance activities though they can attend more as per the need. The career and counseling support that we offer to our students makes them confident to perform better. Counseling thus addresses both academic and career concerns and opportunities. The inculcation of a positive attitude is a value-added service that our institution provides.

Vocational guidance and campus interviews have become a common practice now. Career Advancement activities is taking care of it through the active liaison with the recruiting agencies and Human Resource personnel of reputed firms. Experts undertake an affordable training program, counseling sessions, pre-placement talks and seminars, career workshops, language and aptitude training to acquaint the students with the high demand market areas and invoke industry-institution linkages.

Goals and Objectives

To achieve success in providing regular support and guidance to the students to grab their career goals and to introduce them to the infinite world of opportunities.

Career Advancement activities has an important role to play in a student's future and is an indispensable pillar of the Institute. It continuously strives to help students with relevant and conceptualized professional skills and guiding them towards a bright future and career all around the world with the values of sincerity, hard work and ethics. This is accomplished through building a strong partnership amongst students, alumni, faculty members and recruiters.

Purpose Of These Activities:

- To support the students in the development of soft skills and communication ability to challenge the rigors of competitive tests and on-job-training in add-on or vocational courses.
- To inculcate social values and ability to think independently for carrying out social responsibilities.
- To organize career counseling sessions from Industry and Institutions experts of various organizations.
- To tie up with training agencies for providing training on different entrance exams related to job placement, higher studies etc.
- To be a resource centre of information, guidance and counseling with free accessibility and internet based global connectivity and exchange of information on professional placements.

Benefits of these activities

- These activities motivates students to aspire for higher studies and develop communication abilities to make a stand in competitive tests and on job training
- CAA motivate students to develop technical knowledge, ethical and soft skills in terms of career planning and goal setting
- CAA gathers information about job openings and all relevant recruitment advertisements for circulation to Students.
- CAA identifies the needs and expectations of the companies and to assist them in recruiting most suitable candidates.
- CAA organizes pre-placement training/workshops/seminars for students
- CAA provides resources and activities to facilitate the career planning process.
- CAA aims to place the maximum number of students through campus and off-campus interviews conducted by reputed companies and agencies.
