

ALUMNI ACHIEVEMENTS

School of Nursing makes efforts tirelessly to bring out the best among the students which is exhibited through their outstanding performance in intra college competition, inter college competitions as well as after leaving the college they make the College proud with their placements and achievements while working in the society. Some of the outstanding achievements of our students and alumni are mentioned below:

Ms. Sejal Sankhe is a Dynamic Young student who top the academics with distinction. She is the Gold Medallist for the batch of 2012-2017. she is excellent in both curriculum and co-curricular activities. Wishing her all the best

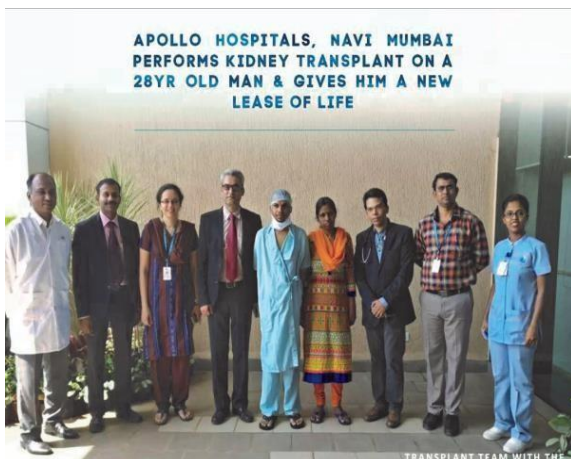

Mr. Salim Bate (2010- 2014batch) He is currently working with polyfins Technology Inc, a company that makes medical application. The project aims at developing a Diagnostic Skin App which helps recognise skin problems. The app is a robot (artificial intelligence) and would ask the end user to upload pictures of their skin problem. There after questions are elicited relating to the symptoms and the app would give three portable diagnosis. Mr. salim would conduct clinical trials in D Y Patil Hospital along with the dermatologist, their suggestions and recommendations are taken and the feedback is uploaded in the system.
