

MECHANICAL VENTILATION WORKSHOP

This course is designed for healthcare providers who deal with critically ill patients requiring mechanical ventilators. With the help of this course participants will enhance their skills in the treatment of adult victims of life threatening respiratory emergencies and learn how to choose the appropriate mode of ventilation.

This course helps the healthcare provider to implement their theoretical knowledge in the management of ventilator associated respiratory emergencies. The course gives them an opportunity to perform various interventions on an advanced, high fidelity medical simulator (HPS) which supports mechanical ventilation. It helps them understand the importance of effective team work and communication during resuscitation. This course includes training on crisis resource management and severity like ventilation in obstructive or restrictive lung diseases, management of ARDS patients, use of NIV in COPD patients, etc.

› **ELIGIBLE PARTICIPANTS :**

- › UNDER GRADUATE INTERNS
- › POST GRADUATE RESIDENTS (GENERAL MEDICINE, EMERGENCY MEDICINE, PULMONARY MEDICINE)
- › ANESTHESIA RESIDENTS
- › ICU RESIDENTS.

› **PROGRAM OUTLINE :**

- › MECHANICAL VENTILATION
- › NON-TECHNICAL SKILLS
- › FIVE CLINICAL SCENARIOS USING HIGH- FIDELITY SIMULATORS

› **DURATION :**

ONE DAY WORKSHOP

› **COURSE FEES :**

INR 2,500 (TWO THOUSAND FIVE HUNDRED ONLY) PER PARTICIPANT

› **CERTIFICATE :**

PARTICIPANTS WILL BE PROVIDED WITH A COURSE COMPLETION CERTIFICATE BY D Y PATIL UNIVERSITY, NAVI MUMBAI.

› **INCLUSIONS :**

- › CERTIFICATE OF PARTICIPATION
- › BREAKFAST, LUNCH & HIGH TEA
- › READING MATERIAL
