SIMULATION INSTRUCTOR DEVELOPMENT: COMPREHENSIVE COURSE

APRIL 25–27, 2019

Course Learning Outcomes

- Demonstrate fundamental concepts of simulation-based education
- Develop performance objectives for simulation-based education
- Create and facilitate a learner focused simulation scenario for a multidisciplinary audience
- Lead an effective and organized debrief session

Unique Features

- Mayo Clinic Course
- First time in INDIA
- An Opportunity to be the **FIRST TRAINED SIMULATION EDUCATOR** of your specialty.
- Mayo Clinic Certificate of Completion of the course

Description: This three-day multidisciplinary, interactive course will develop instructors for simulation-based education. Participants will learn the principles of experiential learning including types of simulation, course design, and debriefing strategies. Learners will practice these concepts with the assistance of experienced faculty. Enrollment is limited to encourage maximum engagement of all attendees.

Intended Audience: Individuals interested in or involved with simulation curriculum design, implementation, and facilitation.

Mayo Clinic Multidisciplinary Simulation Center

SIMULATION INSTRUCTOR DEVELOPMENT: COMPREHENSIVE COURSE

DAY 1: April 25, 2019	
Time	Content
Morning	<ul style="list-style-type: none"> • Introduction to Simulation-Based Education: The Foundation • Planning a Simulation Course • Developing Simulation Scenarios • Develop Scenario 1 in small groups
	LUNCH
Afternoon	<ul style="list-style-type: none"> • Scenario 1 Development (continued) • Introduction to Debriefing • Summary and Evaluations
DAY 2: April 26, 2019	
Time	Content
Morning	<ul style="list-style-type: none"> • Scenario 1 Development (continued) • Implement Scenario 1 with other participants as learners
	LUNCH
Afternoon	<ul style="list-style-type: none"> • Scenario 1 Implementation (continued) • Challenging Debriefs – Practice • Develop Scenario 2 in small groups • Summary and Evaluation
DAY 3: April 27, 2019	
Time	Content
Morning	<ul style="list-style-type: none"> • Scenario 2 Development (continued) • Implement Scenario 2 with other participants as learners
	LUNCH
Afternoon	<ul style="list-style-type: none"> • Scenario 2 Implementation (continued) • Special Considerations in Simulation • Wrap-Up

“Absolutely outstanding, amazing course. Far exceeded my expectations! Would highly recommend this course.” – Previous Participant
