Online Education

1. Does all programs/courses were completed on time.	No
--	----

2. Measures taken to complete the syllabus of courses and programs.	<p>MEASURES TAKEN TO COMPLETE SYLLABUS OF COURSES AND PROGRAMS:</p> <p>During the Covid-19 lockdown period, regular classes at all levels of education have been suspended, and new and innovative modes of teaching are being explored to ensure the syllabus completion. An excellent management was required to complete the syllabus in an effective manner as the faculty and students were at remote locations. Classes were to be conducted using online tools. Additional Online lectures were scheduled for the completion of the syllabus. This is significantly different from the face-to-face interactions that students and teachers were generally used to. The first step was the making of a flexible time-table by the respective H.O.Ds of various departments of all the schools. The next step was to make effective coordination and communication between faculty and students.</p> <p>D. Y. Patil Deemed to be University has Learning Management System (LMS) to</p> <ol style="list-style-type: none"> 1) facilitate the Delivery and Management of Instructional Content like Course Materials in various forms like Lecture Notes, Case Study Briefing, Videos, etc. , Exam reforms like Question Bank for each subject and prior year Question Papers for reference. 2) Communicate through means of Online Notice Board - University Events and Online Calendar . 3) To collect and analyse feedback on on e-learning resources. <p>All teachers have received training in use of e-learning resources over the last five years. Feedback has been collected and analysed. Technology is also being used to complement traditional training methods in teaching laboratories. Computer assisted learning is also used in various schools . The students are also encouraged to utilise the services of online e-resources like NDL and SHODHGANGA.</p> <p>Today's technology also favoured the use of Zoom/ Google meet/ G-suite for the conduction of lectures and also interaction between faculty and students. All the online lectures were saved in the online platform VIMEO, which were also available on the LMS to students 24/7 if they had missed the lectures due to network issues or for future reference by students. Feedback was taken through google forms and the issues faced were resolved timely. To develop practical skills, Webinars and trainings were conducted through zoom by external industry experts. Practical demonstrations were done by simulation methods also. For further understanding of the subject, the students were assigned various assignments through the university platform LMS (Learning Managemnt System).</p> <p>To assess the learning capacity of students, class tests were conducted through the university platform LMS, the QUIZIZ.com, etc.</p> <p>In some schools, there was an attempt to complete the syllabus of even semesters by March 2020, so that the higher odd semesters can be started early and can have sufficient time for their thesis work.</p>										
3. The period of delay in completion of syllabus (in months).	3										
4. The period of delay in conducting exams (in months).	3
